Agency response

The City of Edmundson is located on Interstate 70 and is situated directly across from Lambert International Airport. There are three primary roadways within the city: Interstate 70, Natural Bridge and Edmundson Road. Interstate 70 is the major thoroughfare between St. Charles and St. Louis thereby garnering a great deal of transient traffic. Equally, it is the means for arrival to and departure from Lambert International Airport. Natural Bridge runs parallel to Interstate 70 and it houses a number of hotels, restaurants and car parking facilities. It too garners a great deal of traffic related to these entities. Edmundson Road runs through the center of the city; it serves as a crossover from St. Charles Rock Road to Interstate 70. The majority of traffic stops are involving individuals who are not citizens of Edmundson but rather are traveling through either on business or some other retail related endeavor. The mere number of vehicles passing through the area has the potential of skewing a statistical count when compared to the listed population and demographics of that population.
